

**Bio:**

The Golden Gays™ quickly emerged as the premier Golden Girls musical experience in the country (and now internationally) with the perfect musical drag show for the whole family! They burst onto the scene in 2017- first at RuPaul's DragCon NYC, then at the famed Rue La Rue Café, where their trivia show video went viral. What began as a flash mob has now skyrocketed to sold-out engagements all across America to London and Mexico and on the high seas. They tour their four original Golden Girls-inspired parody musicals in repertory throughout the year. You could say they travel down the road, and back again ... all while singing in three-part harmony, wearing heels, backwards up a hill both ways. Oh, and where in the world is Sophia Petrillo?

#TokenSophia:

I'm sure by now you're asking yourselves "Where in the world is Sophia Petrillo"? She's gone missing! The Golden Gays™ must travel down the road and back again to find her. GG™ has created a truly unique fan experience by inviting them to be a PART of the journey. In every show, the plot revolves around finding Sophia and by the end one or more lucky audience members is selected and crowned the next #TokenSophia! VIP ticket holders get a special Meet & Greet with the cast and have their picture taken with the wig, the glasses, and the signature handbag (perfect for social media sharing).

The Cast:

The Golden Gays™ are highly regarded as "the best in their field", elevating The Golden Girls drag legacy to the next level by creating one-of-a-kind original musical parody adventures - paying tribute to the show that fans know and love, as well as highlighting the talents of the cast. Most of the shows star Jason B. Schmidt as The Dorothy and feature a rotating cast of professional character actors and drag performers. Their tight three-party harmonies, innovative choreography and camp direction bring each production to the next level.

Testimonial:

"The Golden Gays always make me laugh. Their ability to improv is extraordinary, which means you never know what's going to come out of their mouths, even if you see their shows multiple times! They are a fabulously funny troupe that lovingly connects you to your favorite foursome!"

- Marsha Posner Williams, Co-Producer of "The Golden Girls"
